ALL FUTURE MEETINGS ARE TO BE HELD HERE

Mrs. Potts of This City Elected DADDY LONG LEGS HERE Third Vice President-Memorial to Clara Barton Proposed.

With the strongest financial standing it ever had, with its constitution are to be held in Washington, and with many important resolutions taken at Daughters of 1812 today either are sightseeing or starting for their homes in forty states.

Much important business was hurried through in an extra session last night so that a meeting this morning was found unnecessary. A board meeting of the newly elected officers was held authorizing the transaction of business. Mrs. Robert Hall Wiles, the president national, has accepted an invitation to make a southern trip before her return to her home in Chicago. She will be

the guest of state societies.

Plans to further the erection of a suitable memorial over the grave of former President William Henry Harrison, near Cincinnati, were among the projects discussed at the closing session. The Daughters of 1812 pledged themselves to co-operate with other patriotic and historical organizations

Vance of Milwaukee, historian national; Mrs. Alvin Lane of Texas, treasurer national; Mrs. Theodore Shelton of Missouri, auditor national.

Resolutions calling upon Congress to provide for the erection in Washington of a national archives building were enthusiastically adopted by the congress. This resolution was introduced by Mrs. Potts, who said the valuable historic records of the country were scattered all over the United States and that those of the war of 1812 are, for the most part, in a worse state of preservation than those of the revolu-

The Daughters also approved the project of having a memorial tablet or bust of Clara Barton placed in the Red Cross building now being constructed. The president is to be asked to take steps to have this done.

PUT SKEPTICS TO ROUT

Contributing Generously to Support of Needy Families Found by Associated Charities.

The skeptics contended there were n Daddy Long Legs in the city. The Associated Charities did not agree, and results show the regiment of Daddy Long Legs is growing daily. It gratefully acknowledges contributions from new members to the two families for which it has been appealing in the columns of The Star.

The first of these families is that of a widow, with three small children, where the breadwinner suddenly died, leaving the family without relatives able to assist in keeping the children with their mother. Ten dollars a week is needed in this family.

The second family is that of an invalid breadwinner undergoing hospital care in order that he may be able to go back to work and care for his wife and three little children. Eight dollars a week is needed to keep this family to

NASHVILLE, Tenn., April 27.-Charles C. Trabué, forty-five years eld, prominent Nashville attorney, yester-Stokes, thirty-nine years old, chief counsel for the taxpayers in the chancery court investigation of city condi tions. Trabue has given bond of \$25,-000 and has been released from the county jail. He waived examination and was bound over to the criminal

firing of the shots.

A number of rumors were in circulation as to the cause of the shooting. Among them is a report that Mr. Stokes made insulting remarks about Mr. Trabue and that Mr. Trabue had sent word that he would kill Mr. Stokes if he did not retract his remarks within twenty-four hours. There have been frequent clashes between the two men during the taking of evidence in the chancery court investigation of city conditions. Mr. Stokes has been conducting the investigation and Mr. Trabue had recently been retained as special counsel for the city in the litigation.

Ever since the entrance of Mr. Trabue into the investigation Mr. Stokes has made what Mr. Trabue has regarded as contemptuous remarks about him, and Mr. Trabue has frequently called the attention of Commissioner Bailey to Mr. Stokes' comment.
